Subject: Anglophone Language and Culture- Teens 5
Title: A trip around the world’s main cultures
Objective: To dig into the main cultural features of certain countries around the world in order to rise students’ awareness on other’s values and worldviews.

Description

This project is intended to help students improve their writing and speaking skills through the analysis and revision of the main features that characterize different countries around the world. Furthermore, it is expected that learners build a critical view on them using English as a foreign language, as a way to accomplish the objective mentioned above.

Stage 1

1. Form groups of four students.
2. Choose a country of common interest, in which English is spoken as a second or native language.
3. Look for different information about the country you chose (Food, historical events and features, currency, relationships, religion, education among others). Be ready to socialize your research in group next class.
4. Socialize the information you found. Then, write about the country you chose taking into consideration all the information gathered. NOTE: it is necessary that you write your ideas and notes using your own words; copying and pasting the information from the internet is not allowed since it’s plagiarism. Below, you will find some useful sites to do your work.

  - [https://spark.adobe.com/make/brochure-maker/](https://spark.adobe.com/make/brochure-maker/)
- Be ready to present your brochure on April 6th.

- **Oral presentation:** You must prepare a 5-10 minute presentation of your brochure for April 6th. For this presentation you need to:
  A) Include relevant ideas only
  B) Use any software you prefer (power point/prezi/powtoon etc)
  C) Reflect on the following questions:
     A) Why did you chose that country?
     B) What did you learn the most while doing the research and designing the brochure?
     C) What are the similar or different things between the country you chose and Colombia?
     D) Which country do you prefer? Why?

El uso no autorizado así como la reproducción total o parcial de su contenido por cualquier persona o entidad, estará en contra de los derechos de autor.

Assessment:
Following the curricular principles of DEIN, assessment will combine formative and assessment procedures. The students will have the opportunity to be assessed and corrected throughout the semester so they can improve their work. In addition, there will be a place for peer revision, in order to encourage the students to get to know their partners’ work. Finally, the two stages will be evaluated using the criteria proposed by the language center.
