<b>1. Academic Unit</b>  <b>LAGUAGES CENTER</b>	<b>2. Designation</b>  <b>ENGLISH – LEVEL SIX (6)</b>	
<b>3. Justificación</b>  <p>Students who finish level 6 at Universidad Militar Nueva Granada (UMNG) must communicate effectively in most everyday situations, showing good performance in the understanding (reading – listening) as well as in the production stages (writing – speaking). In addition to improving all necessary strategies in everyday communicative situations, students must be able to develop some TOEFL academic skills, especially in the productive processes as they are the most immediate context students have to deal with (Short presentations and writing articles).</p>		
<b>4. Objectives</b>  <p>The purpose of this specific program is, on the one hand, to improve the linguistic and communicative competence students already have so that they can achieve a better performance in different TOEFL contexts more confidently; on the other hand, it is necessary not only to reinforce the TOEFL strategies they already manage in the four skills, but also to develop the new ones required to achieve TOEFL expected higher profiles.</p>

**8. Methodological Approach**

Método comunicativo o enseñanza comunicativa de la lengua (en inglés, Communicative Language Teaching, CLT) es un enfoque en la enseñanza de idiomas en el que se da máxima importancia a la interacción como medio y como objetivo final en el aprendizaje de una lengua. Se le conoce también como enfoque comunicativo (en inglés, Communicative Approach).

**9. Instituciones Participantes:** Centro de Idiomas

**10. Competencies**

**LISTENING**

Regarding this particular skill, students must be able to identify the overall ideas in a whole situation and the particular information at a most specific level as well, recognizing the context (places, speakers).

**READING**

Regarding this particular skill, students must be able to deal with different kinds of texts in a wide range of communicative and academic situations. They must skim a text to find global information, and scan to find specific information and details too. Besides, they must show understanding of text organization, and infer meaning of vocabulary through the context of the same text.

#### **WRITING**

Regarding this particular skill, students at this level will have to deal with academic skills. That is why the emphasis will be on writing articles. In order to develop this skill, students have to organize and structure the information in different kinds of paragraphs, using the words they know appropriately and accurately, and being capable of producing variations on simple and compound sentences.

#### **SPEAKING**

Regarding this particular skill, it is necessary to take into account two different aspects: communication and academia. In the first case, students have to deal with a number of routine situations where they have to exchange personal information, ask and answer questions, express preferences, opinions, likes, dislikes, agreement and disagreement. In the second one, students have to take part in a presentation in which they must carry out different tasks to talk about a specific topic according to the topics set in class.
